Concept 2 - Created for you, for all you do.

The Richards Group Profit Sharing Plan—Sharing is caring.

The Richards Group is the only independent agency that offers a profit-sharing plan, contributing up to 15% of each employee's salary, proving they care enough to share. The Richards Group is a family of talented individuals, where people take pride in crafting award-winning work, and champion each others' success. It is because of this talent and an ability to develop creative solutions, the agency is blessed with a roster of satisfied clients. This plan was created to encourage employee longevity and to demonstrate The Richards Group's commitment to each and every "family member".
